

Senior Software Engineer - Microsoft Cloud Technologies

Do you have awesome coding skills?

Are you interested in working with the latest Microsoft cloud technologies to build systems that can improve the lives of over one million students and educators in TN?

In partnership with Microsoft, the TN Department of Education is taking an industry leading position in the use of cloud services, big data and machine learning to deliver personalized, adaptive learning experiences to students, and we need your skills to make this happen!

We currently have multiple positions open for Senior Software Engineers. If you have three plus years of professional experience building scalable, commercial grade web applications on the Microsoft stack, and with a real passion to make a difference in education, we'd love to hear from you.

The position is located in Nashville, TN and offers a competitive salary and benefits package commensurate with experience.

Minimum Requirements:

- 3+ years of experience professionally developing enterprise-grade web applications or services on the Microsoft platform
- Extensive knowledge of C#, ASP.NET, JavaScript (jQuery) and HTML 4+
- Extensive knowledge of MVC, AngularJS, Knockout.js or similar frameworks
- Knowledge of Entity Framework or nHibernate
- Strong understanding of Object Orientation (OOO) and Services Oriented Architecture (SOA)
- Strong understanding of REST, HTML Services, JSON and XML
- Strong Understanding of ODATA and OAUTH
- Experience with Azure Cloud Services is preferred but not required
- Prior experience in education is not required

Sound like you?

For immediate consideration, please send a current resume and a personalized cover letter to TDOE.ITJobs@tn.gov

Pursuant to the State of TN's policy of non-discrimination, the Department of Education does not discriminate on the basis of race, religious or political affiliation, sex, sexual orientation, gender identity, national origin, physical handicap or age in its policies, or in the admission of, access to, treatment, or employment in its programs, services, or activities.
